

## LUNCHTIME AT WEST PREP – LEGO® & ROBOTICS

*With a bucket of Lego, you can tell any story...it's whatever you can imagine.*

Christopher Miller

At **Creative Club Global**...we celebrate the **power of the LEGO® Brick** with education programs to ignite learning at your school.

Joyful play is the key to unlocking your child's potential. Our programs help children develop crucial skills such as:

- Critical thinking
- Problem-solving
- Teamwork and Adaptability
- Presentation

Join us as we work towards shaping a future where innovation and imagination are at the forefront of success!

---

We are thrilled to be back at **West Prep** after many years, bringing our **Lunchtime Build & Design with Bricks & Robotics Programs**.

Register today and your kids embark on a **9-week creative journey** crafting stunning LEGO® structures with friends, exploring the limits of their imagination, and learning new skills including robotics and programming.

**Each class is a new adventure. We have New Projects and Themes to explore!**

**9 Week program starts on February 5**

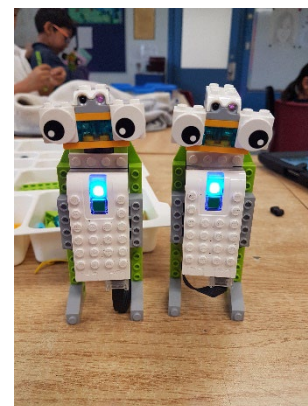

**Program 1: Build & Design with LEGO® Bricks – 5 weeks**
